

New packaging for Van Loveren wines

Van Loveren has created a new packaging for its range of wines, featuring a more modern and elegant label that appears with a different, applicable colour for each cultivar. The first to feature the new look is the early release of the 2015 Sauvignon Blanc, perfect for a portion of smoked salmon or flash grilled tuna. The price from the winery near Robertson is R43 for a bottle or R228 for a case of six. For more information, go to www.vanloveren.co.za.
