Those rescued from the site had been sent to hospitals across the Western Cape province, the municipality of George said in a statement. There were no immediate reports of fatalities.

"The collapse occurred just after 14h00 today, 6 May with a construction crew of approximately 70 on site," it said.

CCTV footage obtained by showed a cloud of dust as the building crumbled.

"I saw one guy was working and then 'boom' and I saw the whole building collapsed... I'm also traumatised. It is very sad," Theresa Jeyi, a local councillor, told reporters at the scene.

The SABC earlier reported that more than 40 people were trapped under the rubble.

The provincial government said it was monitoring the situation.

"At the moment, officials are focused on saving lives. This is our top priority at this stage," said Alan Winde, Western Cap premier.

Rescue workers on site were trying to recover where they heard calls from people, George Mayor Leon van Wyk told SAE while rescue equipment were on its way.

"This is going to be a really lengthy exercise and probably going to go right through the night," he said.
