Says Uber CEO, [Dara Khosrowshahi](#) in a statement on the Uber website: "We're focused on championing smart technology for smart cities. Today, we help tens of millions of people get a ride at the tap of a button.

"But our ultimate goal is one we share with cities around the world: making it easier to live without owning a personal car. Achieving that goal ultimately means improving urban life by reducing congestion, pollution, and the need for parking spaces."

The ride-hailing company says it is committed to bringing together multiple modes of transportation within the Uber app to enable riders to choose the fastest or most affordable way to get where they need to go, "whether that's in an Uber, on a bike, or on the subway..."
