

Wimpy commercial

This is an appeal for info regarding the latest Wimpy commercial

Who currently has the Wimpy account? I'm trying to get hold of an online copy of the latest Wimpy ad - the one where the couple name their baby Hendrik-Rina? I think its brilliant - taps into that whole thing where people give their kids names like Bevril (that's a real one). Anyway, I've hunted high and low, Googled and YouTubed without any joy. If I knew who did the ad, I'd call them up. Can anyone help?

Thanks
