

New investment in the Eastern Cape inspires confidence

The development of the R40m Fort Gale Motors service station and Fort Gale Junction shopping centre was launched on 25 May 2017.

Caltex Eastern Cape Marketer chief executive Clive Berlyn has dubbed the complex as a key part of business strategy investment as it represents a vote of confidence in the provincial economy and improved services and facilities connecting the Eastern Cape to KwaZulu-Natal, Lesotho, and the inland.

Ndamara Investments CECM Prince Mzwandile Maraqana and the Novate Group have invested R40m into the upgrade.
