

Texx Talks S7E7: LucasRaps

Lucasraps is an artist who exudes a raw sound inspired by his hometown and Durban's bustling underground hip hop scene.

As Def Jam Africa's latest signee and one of OkayAfrica's 13 South African Artists To Watch in 2021, this man is a force to be reckoned both on stage and on the charts.

From shooting his shot first with Nasty C and then with DJ Maphorisa, his tenacity paid off and now his talent leads the way, blazing a path that is cool, calm, collected and entirely his own.
