

Montecasino management team helps name SA Guide Dogs' newest additions

As part of its partnership with the SA Guide Dogs Association, Montecasino's executive management team suggested names for the association's newest additions. Following the final decision made by the SA Guide Dogs Naming Committee, the labrador puppies were named Bella and Mario.

Bella (meaning 'beautiful' in Italian) is a 15-month-old black female labrador and Mario (named after the god, Mars) is a three-month-old yellow male labrador. Both puppies are still with their puppy raisers in various stages of their training.
