REPUBLIC OF SOUTH AFRICA

 **PRESIDENTIAL EMPLOYMENT STIMULUS**

The Presidential Employment Stimulus Programme (PESP4) is aimed at creating opportunities in the creative and cultural sectors, with a strong emphasis on shared value. This initiative is a collaborative effort between the Office of the President and the Department of Sport, Arts, and Culture (DSAC). PESP has already demonstrated the government's capacity to expand public employment and provide various forms of support, resulting in the creation of over 550,000 jobs and livelihood opportunities, with more initiatives still in progress. Basa's role in the implementation of PESP4 is dedicated to ensuring that the positions generated offer participants genuine work experience, thus enhancing their readiness for a larger labour market. This readiness will be invaluable when the economic recovery phase presents more permanent opportunities.
