The latest range of Acer products, including notebooks, 3D monitors and smartphones, are currently on display in various sections of OR Tambo International Airport in Johannesburg.

The sleek displays, set up in both the international and domestic departures areas by Provantage Out of Home, are interactive allowing travellers the opportunity to engage with the products and pose questions to Acer Brand Ambassadors who can help with any product-related queries.

The Acer stands will be up until the 31st of August, taking advantage of the influx of tourists and domestic travellers.
