

Guide to women's golfing world cup

An official pocket guide to the Women's World Cup of Golf has been bagged with the January issue of the *Compleat Golfer* magazine. "Compleat Golfer has supported this event since it came to South Africa in 2005 and we are proud to still be an official monthly partner magazine, providing our readers with a useful course guide to stick in their back pocket," says Brandon de Kock, *Compleat Golfer* editor.
