

New categories added to African Utility Week Industry Awards

The fourth annual African Utility Week Industry Awards will honour pioneering utilities, projects and people in the energy and water industry on the continent on Wednesday, 17 May, during African Utility Week and Energy Revolution Africa at the CTICC in Cape Town.

Dr Kandeh Yumkella, UN under-secretary-general and former special representative of the secretary-general and CEO, Sustainable Energy for All (SE4All), won the Lifetime Achievement Award last year.

Award categories vary from the Power and Water Utility of the Year Awards, Young Energy Leader Award and Outstanding Woman of the Year: Power/Water and include new categories to reflect the latest developments and evolution of the energy and water sectors.

The new categories include:

- Small-Scale Sustainable Energy Project (under 5MW)
- Innovative Technology of the Year
- Deal of the Year
- ICT Excellence Award
- Gas-to-Power Project of the Year

Entries for nominations for the awards close on 17 March and the public is invited to nominate themselves or colleagues and projects that have made outstanding contributions to the energy and water sectors.
