Creating business communities for African unity

Bizcommunity.com 21 May 2018

Since 1963, the month of May has been officially recognised as Africa Month, in commemoration of the historic founding of the Organisation of African Unity (OAU) and its subsequent successor organisation, The African Union (AU), the continental body consisting of the 55 member states that make up the countries of the African continent, since 2002.

Now more than ever, in a post-Covid world, the dreams and visions of the founding fathers of the Organisation of African Unity, of a prosperous continent united by common ideals with the African Continental Free Trade Area, signed by President Cyril Ramaphosa as the Kigali Declaration in March 2018 remain lodestars for us all.
