

Wärtsilä confirms sponsorship at POWER-GEN Africa 2012

Wärtsilä, a supplier of power plants for the decentralised power generation market has secured its sponsorship deal for the [POWER-GEN Africa](#) 2012, the conference and exhibition which focuses on sub-Saharan Africa to provide global technology for local solutions.

The conference and exhibition will take place at the Sandton Convention Centre in Johannesburg, South Africa, on 6-8 November 2012.

POWER-GEN Africa provides a platform for companies like Wärtsilä who are interested in working with the sub-Saharan African power industry, and those looking to invest in the sector.

POWER-GEN Africa will provide coverage of the power needs, resources, and issues facing the electricity generation industries across sub-Saharan Africa, by way of a three track conference.

The exhibition is expected to attract global power equipment and service suppliers, who will line-up alongside local electricity generators and power engineering firms all demonstrating their latest technologies.
