

# Motherboard.TV documents chalkboard blogger

Motherboard.TV, an online video network and community, recently travelled to Monrovia, Liberia to produce a five-minute documentary on [Alfred Sirleaf, Liberia's blackboard blogger](#). Starting in 2000, Sirleaf's chalkboard blog has been going strong; readers line up in droves to read his updates which he collects from around the city. The documentary, titled "The Analog Blogger," is hosted by Myles Estey. Motherboard.TV streams 100% original video content with written stories by a cast of editors worldwide. [View the video.](#)
