

Eco-friendly wines recognised at GWA

The winners of the eighth annual Nedbank Green Wine Awards were announced at an awards function which was held in Cape Town, recently.

The only of its kind in Africa, this wine competition acknowledges and rewards eco-friendly wine producers and those producers who strive to reduce their carbon footprint while conserving the land.

The full results and a competition overview are available in *South Africa's Green Wine Guide 2016*, along with the November issue of *Getaway* and online at [greenwineawards.com](https://www.greenwineawards.com).
