10 of Morocco's best seed-stage startups will compete to represent the country at the Seedstars Summit and will have the chance to win up to \$1m in equity investments and other prizes.

The companies selected to pitch at the Casablanca event need to be less than two years old, have raised less than \$500,000 in funding and built a minimum viable product, ideally with existing traction.

The Seedstars team is searching for one additional criterion: the startup's regional and global scalability.
