Nivo manager and co-executive producer of *Mass Country* shared: “The team was extremely blessed to work so closely on this project with Kiernan. We spent a lot of time mapping out this roll out and creating all the content we have under his direction. Kiernan worked tremendously hard on this project. He put his heart and soul into it, and we were blessed that Kiernan got the opportunity to map out this entire roll out and approve all the elements, so what will be coming out will be as per his direction and his vision. We thank the Forbes family for their faith in the entire team working on this project.”
