

FNB pays vaccinated customer R5m

The first monthly draw winner of the FNB vaccination competition is an East London based customer who won R3 million for being vaccinated and an additional R2 million for having an FNB life policy.

The vaccination competition is aimed at helping the country to minimise the impact of Covid-19 and promoting wellness.

“A big congratulations to all our customers who have been vaccinated and we are proud that we could reward our customer with R5 million,” says Lee Bromfield, CEO of FNB Life.

“Through this initiative, we want to promote wellness to help minimise the impact of Covid-19 on South African’s lives, as we believe that higher levels of vaccinations are important for the opening of the local economy and improved livelihoods,” Bromfield adds.

Vaccinated customers still have two months left to enter the competition and stand a chance to win up to R12m in the lucky draw.

FNB says over 150,000 customers have already entered the competition, with thousands more entering every day.

The second draw will happen in the first week of December 2021.
