

Hyundai, radio stations prolong "gees"

94.7 Highveld Stereo and 94.5 Kfm radio stations asked their listeners to tell them how they brought the "gees" to 2010 and brought back the 'gees' nearly a week after the soccer finished with an finale to their post-event promotion with Hyundai, official partner of the 2010 FIFA World Cup.

From all the entries, the stations chose the three best stories from Johannesburg and Cape Town and called them in to pick the winner on Friday morning's breakfast show at 6am.

The Joburg winner, Peggie Gobie won the new Hyundai Sonata, which has not been released in South Africa yet. She was also taken to see the car at the Hyundai Balloon Park.

In Cape Town, winner Veronica Pronk was taken to the world's largest vuvuzela, atop the highway that goes nowhere to see her brand new Hyundai i20.
