The roadshows are intended to allow for presentations and question sessions focused on the new Registration, Licensing and Accreditation (RLA) system, which is expected to be implemented in September 2019.

These roadshows should prove useful to stakeholders as the new RLA system seeks to introduce new Sars processes, such as requiring all current registrations and licenses to be re-applied for under the new legislation.

Stakeholders are encouraged to [book their seats here](#) before 8 July to attend the Sars roadshows. Note that bookings will be on a first come, first served basis and are limited to a maximum of two people per organisation.
