Visitors will experience an interactive showcase of both active and static content including supercars, classic cars and historic and modern motorsport activations. They can also expect to engage with leading industry related aftermarket and accessory companies, who will be exhibiting during the event.

“As the leading vehicle and asset finance provider, WesBank is proud to have been a sponsor of the Festival of Motoring from its inception. The vision held by the organiser’s is closely aligned to our own as an organisation.

This year the partnership has changed from a year-on-year sponsorship, to a three-year commitment” said WesBank CEO, Chris de Kock.

The Festival of Motoring is considered as the largest national industry supported auto show on the continent and is also supported by NAAMSA. The event appeals to petrol heads, consumers looking at buying their first vehicle and those looking to upgrade their current models.

The event is loaded with interactive and fun activations including kids’ zones, a braai area, and much more, making it a perfect family outing.

“We encourage all motoring enthusiasts, especially those seeking to experience the thrill of the various cars first hand, to make their way to the annual event. The festival offers consumers an opportunity to see, touch, smell and interact closely with the cars of their dreams. WesBank is also available throughout the event to help you navigate the car buying journey with ease,” concluded de Kock.
