The first-ever ABB FIA Formula E World Championship race in Cape Town was won by an elated António Félix da Costa for the Tag Heuer Porsche Formula E Team, whose crowd-thrilling overtaking manoeuvres in the 24th lap were cited by some as ‘the best motorsport fans will ever see’. Jean-Éric Vergne for DS PENSKE and Nick Cassidy for Envision Racing took second and third places on the winners podium.

Round 6 of the ABB FIA Formula E World Championship will take place at the 2023 Julius Baer São Paulo E-Prix on Saturday, 25 March and another inaugural Formula E for Brazil.

Although not on the winners podium this time the Maserati MSG team is proud to be one of a handful of teams who race in Formula E who hold Three-Star FIA Environmental Accreditation, aimed at helping global motorsport and mobility stakeholders measure and enhance environmental performance. Alongside encouraging the switch to clean mobility the team champions under-represented groups in pursuit of sustainable and inclusive futures.

As guests of Stoli Vodka, Principal Partner to Maserati MSG Racing, the *Bizcommunity* team was proud to attend the inaugural Cape Town E-Prix, a weekend of unsurpassed excitement and hospitality, from meet and greets with drivers Eduardo Mortara ([@edomortara](#)) and Maximilian Günther ([@maxg_official](#)), track and pitlane walkabouts and a glimpse into state-of-the-art Maserati MSG Formula E race garage team sharing insights into technological and engineering advancements in electric mobility, sustainability, diversity and social responsibility.
