

Sasol's 2021 bursary programme open for application

Sasol is calling all high-achieving, highly motivated Grade 12 learners, who have plans to study towards an engineering or science degree in the 2021 academic year, to apply for an all-inclusive bursary.

The bursary is open to learners who are planning to study towards a B Eng or BSc Eng in various engineering disciplines or for a BSc in Chemistry, Geology or Metallurgy. To be considered for a bursary within these disciplines you will need to get 70% for Mathematics and Physical Science and 60% for English. If you're interested in studying a B Eng Tech/ National Diploma in Engineering, you will need to get 60% for Mathematics, 60% for Physical science and 60% for English.

The bursary covers tuition fees, accommodation, meals, textbooks, pocket money and an allowance for study tools such as a laptop and a calculator. It also provides comprehensive bursar support to help you to reach your academic potential and to maintain your personal well-being.

Upon completion of your studies, you may be offered an opportunity to join the Sasol Graduate Development Programme.

SDC partners with Fix Scholarship programme - open for applications

11 Feb 2020

“With the scarcity of talent in South Africa, it is essential for Sasol to invest in tomorrow’s talent to sustain our growth,” said Monica Luwes, manager of the Graduate Centre at Sasol. “We want to give talented young South Africans interested in STEM an opportunity to harness their potential. We aim to help them to excel, not just in their studies, but in their careers.”

Applications are currently open for the 2021 academic year and will close on 30 April 2020. Visit www.sasolbursaries.com to apply and for more information on the opportunities on offer.
