

Looking for advertising agency that does bookings with various airline inflight magazines

Do anyone know of a specific agency in South Africa that can book ads in inflight magazines at various airlines?

I would like to enquire about pricing for advertising in inflight magazines. Target market is LSM 14 - elite, very wealthy clients.

Would like to advertise in inflight magazines in business and first class, as well as in business lounges at airports.

Does anyone have any info that might help?
